To: All BLM Employees
From: Director, Office of Fire and Aviation
Subject: Satellite Broadcast

On Thursday, October 7, at 10:00 a.m., I strongly encourage you to sit in on a one-hour satellite downlink on FY2000 budget issues and changes that will affect you and how you do your job. Nina Rose Hatfield, BLM Deputy Director, will lead a panel discussion of the adequacy of BLM's resources as we begin the fiscal year. Traditionally, the BLM has delivered, even though our spending power has been declining for years while the complexity and cost of our work has been rising. We are no longer able to do that. We need to break the long-standing pattern of promising "can do" despite inadequate resources. Please make time to view this one-hour broadcast to find out what changes lie ahead. There will also be an opportunity to ask questions.

Date: Thursday, October 7, 1999
